

TOUR MAP:

"DESTILERIA BACARDI"

You'll get a full view of the largest rum distillery in the world, The Bacardi Rum Factory. Another of the top attractions near San Juan is Casa Bacardi that you should visit if you are looking for an interesting history of sugar cane in the Caribbean and the origins of rum making.

"PARQUE DE LAS CIENCIAS"

Immerse yourself in both science and nature. This open-air museum is located in Bayamón and is especially tailored towards those with a keen interest in science. The museum is made up of showrooms, rides and scientific exhibits.

"REPRESA LA PLATA"

The fascinating La Plata River, the longest river in the island of Puerto Rico, located in the north coast of the island. You won't get a better and more amazing view of a river than watching it from above.

"PUENTE ATIRANTADO"

Have you ever crossed a Skyscraper bridge from above? Now you will! This bridge is not a common one, it's a Cable-stayed bridge, the first and only bridge of its kind in Puerto Rico surrounded by amazing green mountains and La Plata river underneath.

"LA PERLA"

"La Perla" was made famous by the biggest hit and most overplayed song of 2017 "Despacito". Luis Fonsi and Daddy Yankee megahit with billions of views was the set off a touristic boom in the colorful neighborhood built outside Old San Juan's city walls which spiked people's curiosity in the neighborhood.

"EL MORRO"

Get a taste of old-school Puerto Rico with Castillo San Cristóbal, one of Puerto Rico's most important landmarks with its impressive structure. El Morro is more like a citadel, you'll have an incredible view of San Juan's harbor up from up in the sky.

"PUENTE DOS HERMANOS"

Enjoy the first glance of blue shades and sea-glass green as you fly over The Two Brothers Bridge Puente Dos Hermanos in Spanish. The bridge links the districts of Condado, San Juan's most luxurious district, with Old San Juan.
